Sports Strapping Tape

- ⊕ Hand Tearable
- ⊕ Zinc Oxide Ridged Tape
- ⊕ Strong Support

Trafalgar's Sport Strapping Tape offers **strong stable and secure support** restricting the movement in joint area, helping to prevent excessive stress on joint area, contains **zinc oxide adhesive** to help hold tape in place while doing a physical activity or sport.

Designed with **serrated edges**, that offers the convenience to **tear by hand** and no need to carry additional scissors.

Trafalgar's Sports Tape is offered in **3 sizes** suitable for all parts of the body. For example, for preventative ankle taping it is recommended to use, Rigid Strapping Tape 38mm or 50mm for large joints. For treatment such as an injured foot or finger, then 25mm rigid strapping tape is used. For treatment on an injured shoulder, knee or foot then 38mm rigid sports strapping tape is recommended.

Trafalgar's Sports Strapping Tape includes:

- ⊕ Strong **woven fabric** for maximum durability & strength.
- ⊕ Zinc oxide adhesive for **extra strong adhesion**.
- ⊕ Hand tearable (serrated) edges, **tears easily**.
- ⊕ **Unwinds easily** & evenly from the roll.
- ⊕ Moulds well to the body part being taped.
- ⊕ Handles well off the roll without creasing.
- ⊕ Air permeability allows for evaporation of sweat, maintaining **strength and stability**.
